|------------|--------|---------|
| English    | Good   | Good    |
| Luganda    | Good   | Fair    |
| Runyankole | Good   | Fair    |

## PROFESSIONAL EXPERIENCE

**Software Developer, MME Impact Labs, Kampala**

August 2025 – Present

- Developed and integrated backend modules to support business processes and mobile application features.
- Designed, built, and tested RESTful APIs for communication between Flutter front-ends and backend systems.
- Maintained and extended existing C# .NET Framework systems; developed Flutter UI components wired to APIs.
- Performed API testing using Postman, resolved bugs during QA, and managed code using Git.
- Participated in testing of software modules and in the translation of multiple web pages to support other languages supported by MME Impact Labs.

*Technologies: Flutter, C# .NET, Postman, Git*

## Junior Developer Intern, Thinkx Software Limited, Naalya

June 2025 – August 2025

- Built and maintained backend systems in PHP and MySQL for client-facing web and USSD applications.
- Designed and integrated APIs; optimised database queries to improve application performance.
- Conducted API testing using Postman, debugged issues, and maintained code using Git.

*Technologies: PHP, MySQL, REST APIs, USSD, Postman, Git, HTML, CSS, JavaScript*

## KEY PROJECTS

### UMU Attendance Verification System (Final Year Dissertation)

- Web-based attendance system with rotating QR tokens, GPS geofencing, and device fingerprinting to prevent proxy attendance.
- Built in PHP 8.2 with a normalised MySQL schema, containerised with Docker.
- Role-based access for students, lecturers, and administrators; automatic absent-marking and real-time 75% eligibility calculator.

*Technologies: PHP 8.2, MySQL, Docker, JavaScript*

### E-Voting System

- Secure online voting platform with user authentication, tamper-resistant vote recording, and real-time result tallying, developed for the Mr & Mrs UMU Lubaga event.

*Technologies: PHP, MySQL, JavaScript, Bootstrap*

## EDUCATION

### B.Sc. Information Technology (BSIT) — 2023 – 2026
